

# THE DOPESHEET

FEBRUARY 2005

## GOOD LANDING

My definition of a good landing is any landing where I don't have to walk more than five minutes and the plane can be repaired in less than twenty.

## R/C Airplane controls;

Left is left leaving,  
Right is right leaving,  
Left is right arriving,  
Right is left arriving,  
Up is up,  
Down is down,  
Coming to or  
Going around

## FUN FLY FOOD

MAY- Mitch Baker  
JUNE- Don Huber  
JULY- D Lindsey  
AUG- G Jarvis  
OCT- R Pound  
February, March,  
April, September and  
November are all  
open.

## JANUARY MEETING

The January was held at Kirby Risk. Mike Perkins cooked biscuits and gravy for everyone and it was delicious. In spite of the weather we had a pretty good turn out. John McGuire's wife is doing better but still has a long way to go. If you can help in any way contact John at 232-3137, or contact Jimmy Nolan at the hobby shop. The membership voted to waive John's membership dues this year. Mark Tanners wife is looking for a wing that someone was repairing for Mark. If you know anything about that contact a club officer. The club voted to have a prize for the crash of the year. Probably some glue or balsa. It wasn't decided who would pick the winner. Duwayne Lindsey did a demo on Crash Repair and Anger Management that was very good and entertaining too. Mitch won the \$10.00 drawing and donated it to John. Mitch also won two items from the box and Don Huber won one item from the box. Max Brown won the Model of the month with a 1980s design called the Hooker. It looks like a swept wing trainer. Max is a good builder and with a few more years of work should start turning out some really nice models.
