

THE DOPESHEET

AUGUST 2006

SCALE DAY

We had 9 pilots at the Scale Day event this year. The profit for the club was \$115.00. Thank you to everyone who helped and participated in the event.

Crash of the month

Joe Buck won crash of the month by crashing a pylon racer. Again I didn't see it but I think it ripped thru the trees at near supersonic speed scattering parts and leaving a debris field 500 feet wide and half a mile long. Spokesmen for the NTSB estimated it would take six or seven weeks for cleanup and a full report should be ready by Maycember or Sepjunber at the latest. No casualties.

JULY MEETING

We talked for a really long time so you would think I would have more notes. I think I went into screen saver mode a few times. Let's see. August 20 is the family picnic. If you are planning to attend, and I see no reason why you won't, contact Jimmy at the Barn to let him know how many kids and adults you will bring. Brind a covered dish too.

Bill Harrison and his grandson Braeden are new members this year. If you see them at the field introduce yourself and make them feel welcome.

We discussed the Terre Haute Air Fair. This year they are thinking of having boats and campers on display. We have been invited back and are making arrangements for a larger tent. We need volunteers to man the tent and answer questions about our hobby. We also need a lot of planes to fill up the tent. Contact Mitch if you can help in any way.

There was no model of the month.

Joe Buck won \$10.00 and one item from the treasure chest.

Steve Buck won one item from the chest.

Steve has announced his plans to not run the fun flies next year. He has done this for two years and has been very creative with the events and done a superb job. His people skills are second to none. He has great management style. He carries himself well. He is undoubtedly the best CD we have ever had. In spite of all that we still can't get him to do it again. If you would like a job with no pay and constant bickering please step forward.
