Kenny Vester

Kenny Vester had a heart attack at the club field on April 21. He was rushed to the hospital where he had two stints put in. He is resting at home now. The ambulance had a hard time finding our flying field and actually turned around and went the wrong way. The May meeting we will discuss ways to improved response time in case this happens again.

APRIL MEETING

The April meeting started with lots of noise and growling, then we woke everyone up and proceeded with the business at hand. Jimmy informed us that this is the third year in a row we are a Gold Leader Club. This is due mainly to Jimmy's efforts so pat him on the back when you see him. The club has purchased a new roller for the field. Plans are a foot to make it theft proof. Mitch has designed some eye-catching stickers of the club logo that are for sale for \$3.00 each. The LA class pylon racers have a new weight minimum of 3 ½ pounds. They are just waisting away. Model of the month was won by Cody McGuire with a Solo Sport powered by a 46 EX and guided by a Futaba radio. The Solo Sport is a good well built package that doesn't cost an arm and a leg. The crash of the month was tightly contested by Dustin Edwards who did an ear splitting two loops hit the tree crash and Quintin who had a heart breaking crash when he Hubered his Big Stinger into the trees. Quintin was voted the new custodian of the coveted crash trophy. Nolan and Jarvis elbowed their way into the treasure chest by winning two picks and one pick respectively. Cody McGuire thumbed his nose at them by being the big winner of the evening. He won Model of the month for \$10.00 and won the \$10.00 drawing also. Well I guess I have put enough body parts in this edition of the newsletter. Can you find them all?

For a good time
