

# THE DOPESHEET

January 2008

**ATTENTION!!!  
PLEASE DO NOT FLY  
SOUTH OF  
POWERLINES!!!**

If you happen to lose a plane across the street, please do not just walk onto the other property to get your plane. Go around to the gate and talk to the guard about retrieving your plane.

## **NEXT Meeting February 6th North High School 7:30pm**

### **January Meeting Notes**

- ~Pfizer has given the ok to have more keys made for the field. Please see Jimmy to obtain a copy.
- ~Jimmy reported that we can expect to know something about the status of the field by the end of January.
- ~Jimmy made a motion, and it was approved that in the event of a loss of the field; the club will meet and otherwise carry on its activities until a new flying site could be obtained.
- ~Christmas party 09' At the Fowler park barn, or at Logan's? That is a question that needs to be answered soon so as to reserve accordingly.

**~Crash of the month: None**

*(More to come)*

**Service Bulletin from Horizon Hobby for Spektrum DX5i users!!!!**

**Horizon Hobby News Bulletin**

**\*\* \*Spektrum DX6i Stick Pot Service Bulletin\* \*\***

**\* Attention DX6i Users \***

**DX6i owners are advised: our service center has a concern of potentially bad stick potentiometers, which can be identified with this easy process:**

- 1) Turn on your transmitter and select the servo monitor display**
- 2) Smoothly move the sticks in each axis, carefully watching the commanded position on the monitor**
- 3) The monitor should show smooth movement tracking with the input. If the monitor "jumps" or hesitates, please send your system in for service using one of the links below**

**Radios with a date codes of 809E, 810E, 811E, 812E should be carefully checked. If your radio does not have a date code, the test is still advisable. And please, as is common, check your controls before flight.**

**We apologize for any inconvenience, and thank you for your patience.**

**Spektrum**

**DX6i Service--US customers**

**Customers outside of the US and Canada should perform the test and then contact their local retailer or local Spektrum distributor. Distributors may be found here.**

I am looking for articles to put in the newsletter. Product reviews, helpful build tips, anything. Please send in submissions for the newsletter to [mdbaker@thrcc.org](mailto:mdbaker@thrcc.org) . Speaking of thrcc.org.. Remember we do have a web site and I try to keep it up to date as possible. Lots of pictures of events. <http://www.thrcc.org> FunFly's... Come on out and support your club. We have a monthly club funfly. We eat, fly events and have fun. Just come out and see what is going on. For those beginners, we have a Novice class. Only restriction is you have to fly a trainer type plane. Come build up your flying skills. This year we have moved to a total of three classes. Novice (mentioned earlier) Nitro and Electric. Join the fun and food. Main dish is brought in by a club member and everyone else just brings a side dish.

**IMPORTANT! IMPORTANT! IMPORTANT! IMPORTANT!**  
**Included in this this newsletter is a copy of the current Club Application. Please fill this out and return to me with your dues. They are \$45.00 for the year. My address is on the application. At a minimum I need your name, address, AMA number and a current contact number. Also an e-mail address would be helpful as I send out copies of newsletters and last minute notification to the club via e-mail.**

# 2009 Terre Haute R/C Club Membership Application

[www.thrcc.org](http://www.thrcc.org)
